Plyboo Wall Solutions

Reveal™ Collection Carved + Textured Wall Panels

Pages 3-11

The Reveal collection explores the contrasts in color, grain and texture created by different carved designs. RealCore™ technology is utilized to ensure core Integrity and structure though the design. Reveal panels are also available in both CARB II and Cal. Sec. 01350 (no added formaldehyde) and FSC 100% and can contribute towards 3 LEED credits. All Reveal panels are available pre-finished or unfinished.

Sound™ Collection Acoustical + Textured Wall Panels

Pages 12-18

The Sound Collection approaches aesthetics-with-function using proprietary sound dampening QuietWall™ technology to reduce ambient noise. Great for hospitality, Commercial, public or private spaces where sound reduction is desired. RealCore™ technology is utilized to ensure core Integrity and structure though the design. Sound panels are also available in CARB II or Cal. Sec. 01350 (no added formaldehyde) and FSC 100% and can contribute towards 3 LEED credits. All Sound panels are available pre-finished or unfinished.

Linear™ Collection Wall Panels

Pages 19-30

The Linear Collection explores the natural linear character of laminated Bamboo strips. Contrasting and alternating cores are employed to create new and different patterns, some resembling Hand-woven natural textiles. Natural stains and finishes are also applied to achieve new tones and colors. RealCore™ technology is utilized to ensure core Integrity and structure though the design. Linear Lines panels are also available in CARB II or Cal. Sec. 01350 (no added formaldehyde) and FSC 100% and can contribute towards 3 LEED credits. All Linear Lines panels are available pre-finished or unfinished.

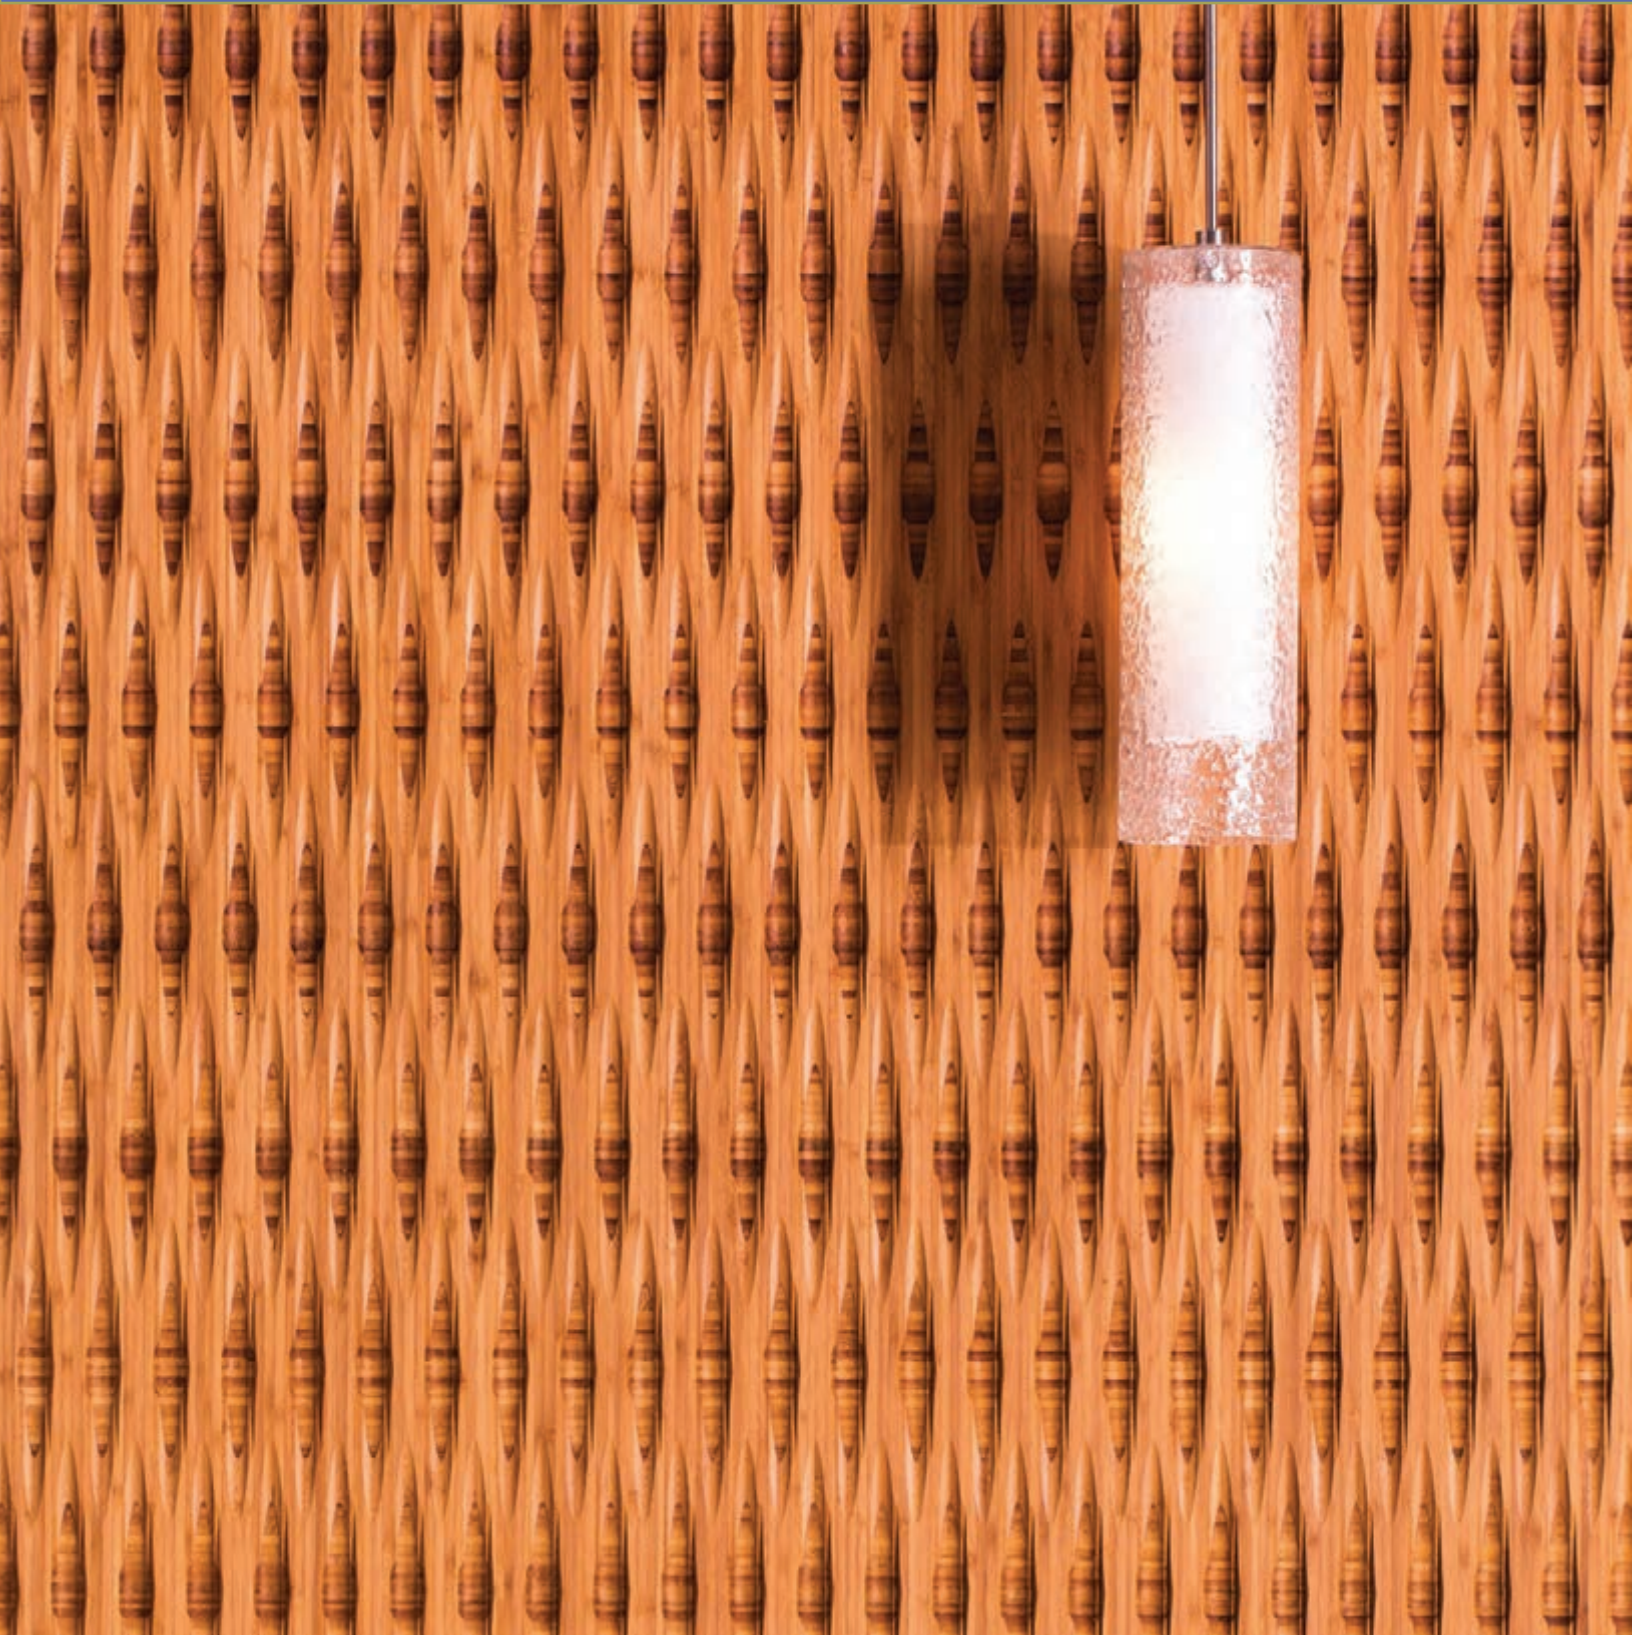

DuraPalm® Collection Textured Palm Wall Panels

Page 31

Both Deco and Woven coconut palm wall panels utilize natural coconut palm lumber harvested from plantations after the useful productive life of the tree. Palm lumber produces a wonderful range of grains, textures and colors giving this material a lively, vibrant and warm character. Durapalm Deco and Woven panels are produced with no added formaldehyde and comply with the stringent Cal. Sec. 01350 standard. DuraPalm can contribute towards 2 LEED credits.

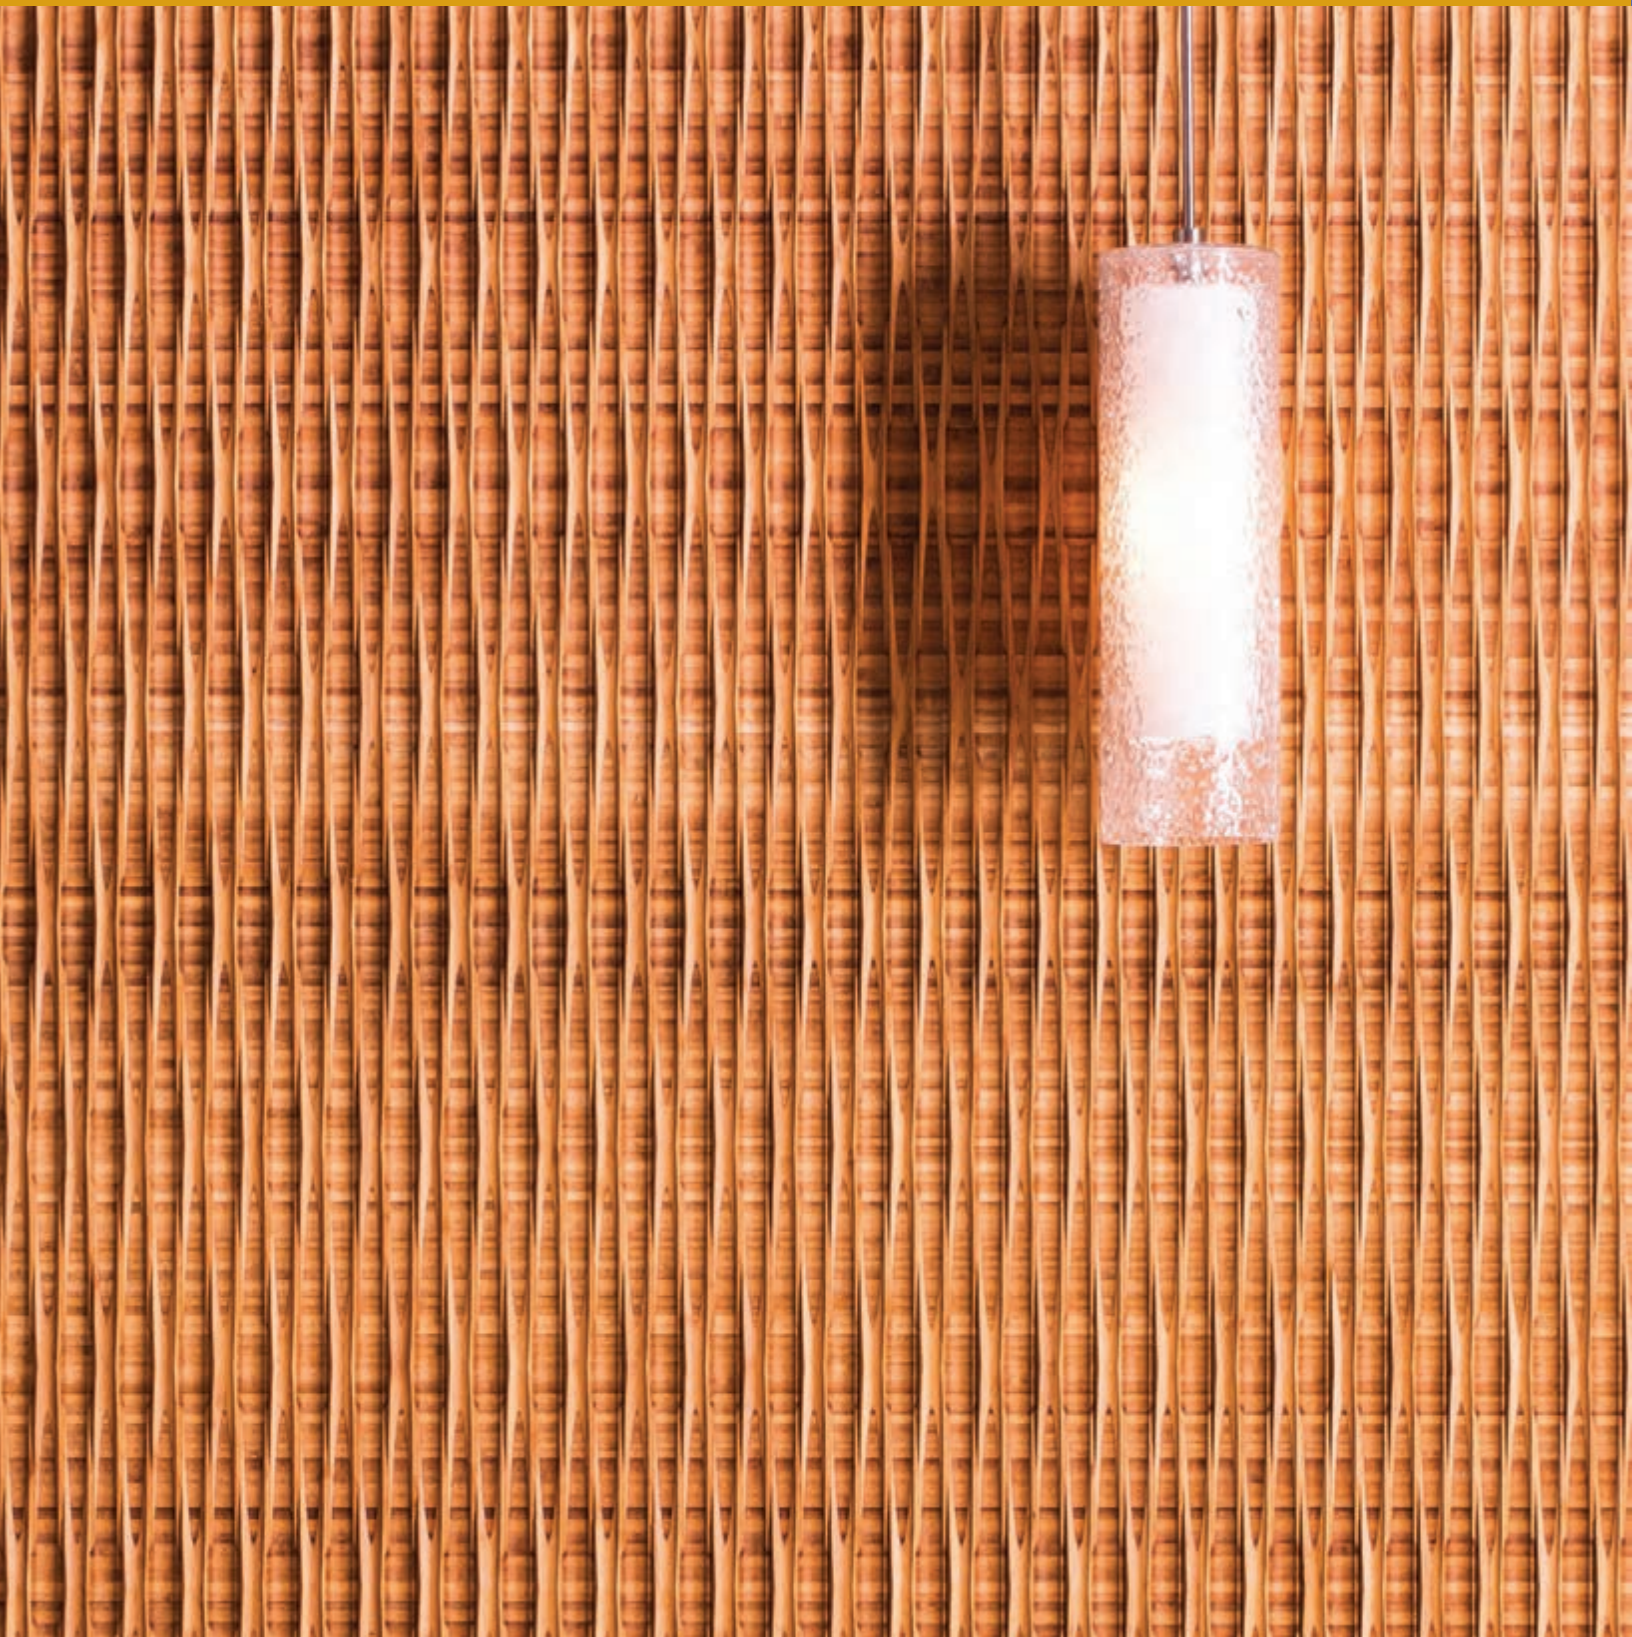

For further information on our wall solutions, visit our website at Plyboo.com and look under Products for the Reveal, Sound and Linear lines Collections. Information on our Palm Collection will be found under Paneling and Tambour in the products section. For further questions on the line or to get a quote, please contact us at Info@plyboo.com or call our toll-free at 866/835-9859.
